### **Description of Course:**

#### **CREATIVE DANCE**

Our Creative Dance course is designed especially to introduce the very young child to dance. Creative Dance for 2\*, 3 and 4 year olds develops creativity, rhythm, flexibility, coordination, self-expression, and cooperation through structured play, nursery rhymes and songs, and exercises "disguised" as games. Learning a piece to perform in our annual, full-scale, spring production develops memory (not to mention cooperation, listening, and more!) and self-confidence and is an exciting and gratifying adventure for you and your child.

\* Not every 2 year-old is ready for a dance class and each child will be assessed individually before commitment to a course is confirmed. Sometimes waiting even a few months makes all the difference!
